

The high power triple motor vacuum for demanding cleaning tasks in manufacturing, food factories and construction sites.

## The HV360-ACS series features:

- Quickly and efficiently vacuum large open spaces with the optional fixed cleaning head
- Optional stainless steel body and bin container for collecting highly corrosive products
- On board tool and accessory basket keeps your vacuum accessories with you for whenever required
- Triple by-pass motors isolate the vacuumed air from the motor and electronics to extend motor life and reliability, particularly when collecting damp products
- Choose 240v or 110v powered models for any application
- 38mm or 50mm accessory kits for applications requiring higher air speed or fast collection of bulky material
- Optional long reach hoses (e.g. 5mtr and 10mtr variants) for easy access to hard-to-reach areas.
- Overhead cleaning kit options enable you to clean overhead pipework and ledges from the ground, for reduced work-at-height risk

✓ **HEPA filter**

HEPA H-class filtration collects submicron dusts at 99.995% efficiency, protecting the workforce from harmful respirable dusts ([see page 7 for an example comparison](#))

✓ **Cyclone protection**

Override conductive filters are protected by a metal shroud and cyclone technology. This protects filters from abrasive materials and discharges static buildup to avoid dusts becoming statically bonded to the filters

✓ **ACS Filter Cleaning**

ACS (Automatic Cleaning System) self-cleans the HEPA filters whilst the machine is in use so you maintain optimum dust free cleaning. Users never need remember to shake the filter again. ([see page 6 for full details](#))

✓ **Longopac**

Eliminate dust clouds when emptying the container: use the longopac self-seal bag system to protect users from exposure to dusts considered hazardous to health ([see page 8 for full details](#))

✓ **Quick release**

Change between accessories quickly and easily with the quick release accessories system

## Specifications:

**Voltage**  
230V 50Hz or 110V 50Hz

**Filter Shaker System**  
ACS (Auto Clean System)

**Filter Class**  
H Class / HEPA

**Filter Efficiency**  
99.995 %

**Max Depression**  
240 mBar

**Power**  
3.6 Kw

**Air Flow**  
510 m³/h

**Container Capacity (Ltrs)**

**Dimensions (Cm)**

**Weight (Kg)**

## HV360-ACS (C50)

Triple Motor Dry Vacuum for Dusts

50

80 x 60 x H118

65

## HV360-ACS (B)

Triple Motor Dry Vacuum for Dusts

Longopac Bag System

73 x 60 x H157
