TF205R-GTX

Geniune TOPFLOOR Quality, Reliability & Performance

If dust is your problem, the ride-on TOPFLOOR TF205R-GTX sweeper is the solution, it is an extraordinary well-designed machine, which is able to work in any environment. The TOPFLOOR TF205R-GTX sweeper is a one of a kind: Solid, reliable, and noiseless. Capable of collecting both the finest dust and gravel, this sweeper is ideal for all applications in the heavy industry, and is also suited for the use in public and outdoor environments as well as in loading/unloading areas such as warehouses, quays, parking lots, and anywhere there is need of a machine capable of carrying out heavy duties in an agile and manoeuvrable manner. Three different versions (electric, gasoline, and diesel) allow you to choose the most suited machine for each work environment.

Reliability is also our mantra when it comes to service

The direct collection system

The collection is carried out through the side brushes, which send the debris toward the centre of the machine, where the central cylindrical brush hurls it at high speed directly into the container. The dust is sucked and kept in the container thanks to the depression created by a high capacity and prevalence suction fan. The fabric filtering system completes the sleeping cycle, guaranteeing the introduction in the environment of only clean air

All you can ask from a sweeper

The ride-on TOPFLOOR TF200R-GTX sweeper has all the characteristics of the best industrial machines: A wide container, great power, excellent sweeping performance and a really efficient suction system.

Dust control not only in city

The TOPFLOOR TF200R-GTX sweeper can be equipped with the GORE® filtering system, which can filter up to 90% of PM2.5, freeing the environment where we live not only from dirt and dust, but also from the dangerous particulates. The special filtering GORE® materials foster a considerable increase of performance, guaranteeing a higher duration, easy cleaning, reduced maintenance, an increase in the air capacity equal to 35%: All this for a better sweeping quality.

GORE dust filters installed in the industrial sweeper have 5 YEARS warranty.

Setting the benchmark for dust control in industrial applications

Features

- Heavy duty steel frame;
- Water-cooled motors suited for hot climates and long working shifts;
- Standard power steering, for a more comfortable and pleasant driving;
- Compaction system inside the caisson designed to increase the collection capacity;
- No electronics;
- Standard bulky refuse port;
- Replacement of the central brush without tools.

Technical specifications

Description	Unit	TF205R-GTX EH	TF205R-GTX BK	TF205R-GTX DK
Sweeping width				
- With central brush	mm	1200	1200	1200
- With right side brush	mm	1500	1500	1500
- With right and left side brushes	mm	1800	1800	1800
- With third brush	mm	2050	2050	2050
Diameter of side brush	mm	600	600	600
Diameter of main brush	mm	380	380	380
Working capacity	m ² /h	21600	21600	21600
Maximum speed	km/h	12	12	12
