

## TF80-TRS

Manually powered pedestrian sweeper.  
For cleaning net floor surfaces of up to 1,000m<sup>2</sup>.

## TF90-TRS

Manual / battery powered pedestrian sweeper. Optional dust control.  
For cleaning net floor surfaces of up to 2,000m<sup>2</sup>.

### TF80-TRS

Simple, powerful and virtually maintenance free, the TF80-TRS is everything a broom should be but around 4 times faster, requiring far less effort for extraordinarily effective cleaning.

- TRS sweeping innovation collects cans, large litter, sheets of paper and fine particles.
- Around 4 times faster than a man and broom.
- Foldable handle and low weight design for ease of storage and transportation.
- Wear resistant polyamide brooms with adjustable height settings increase longevity.
- Intelligent drive belt and gear engineering means sweeping requires minimal effort.
- The main brooms are raised when pulling back the TF80-TRS to avoid throwing debris back into the swept area.

In short, the TF80-TRS is just the answer for the sweeping of areas such as forecourts, small storage floors, car parks and indeed any place where a broom is currently used.

### TF90-TRS

Superior sweeping, simpler operation and a more affordable machine are all clear attributes of the TF90-TRS which is available in 4 different configurations to meet individual requirements in warehouses, production areas, office carpet sweeping and many other places.

- Large driving wheels and intelligent weight distribution require minimal effort to operate even in congested floor spaces.
- Available in manual or battery powered variants with optional dust control for configuration to your specific requirement.
- Simple operator layout and service requirements keep ownership costs low.
- 1.3m<sup>2</sup> polyester filter reduces or eliminates the airborne dust.
- Tool free broom height adjustments, filter removal and maintenance free batteries cut machine down time for servicing.

Right from the word go, the TF90-TRS has added a completely fresh dimension to small powered sweepers. TRS sweeping innovation and optional dust control delivers an unrivalled cleaning result time and again.

“ Small Topfloor sweepers with TRS sweeping innovation have a big impact on operator productivity and in creating your safer, cleaner working environment. ”

TECHNICAL INFORMATION	TF80-TRS	TF90-TRS
Power Supply	Manual	Battery / Manual
Theoretical Productivity (m <sup>2</sup> /hr)	2,800	3,150
Main Broom Width (mm)	470	500
Total Sweep Width (mm)	800	900
Hopper Capacity (ltr)	40	50
Filter Area (m <sup>2</sup> )	-	1.3
Airflow Volume (m <sup>3</sup> /hr)	-	200
Dimensions – L x W x H (mm)	800 x 660 x 330	1,091 x 760 x 416
Weight – incl Battery (kg)	14	46
