

# Create Clean with Rugged Industrial Cleaning Equipment

**Heavy-Duty Scrubber-Dryers for  
Industrial Cleaning Applications**

---

# TopScrub V1 Vertical Scrubber-Dryer

---

The TopScrub V1 delivers efficient scrubbing and drying in a heavy-duty, highly manoeuvrable format – ideal cleaning in hard-to-reach industrial areas. Its ergonomic design and intuitive controls make it easy to use for all operators, while its high-speed brushes and powerful vacuum motor ensure consistently clean, dry floors in a single pass. The V1's slim profile allows it to navigate tight areas and under fixtures with ease, making it perfect for complex and busy environments.

With low operating noise, easy-fill tanks, and minimal maintenance requirements, the TopScrub V1 offers a practical, professional solution for daily floor cleaning.

## Features

- **Compact, manoeuvrable design** – Easy to manoeuvre in small spaces and around obstacles – ideal for cleaning in retail, healthcare, education, and commercial environments.
- **Clean and dry in one pass** – Scrubs and recovers in a single movement, leaving floors safe, clean, and ready to use – no need for rework or extended drying time.
- **Simple operation** – Intuitive controls make it easy for operators of all skill levels to get started with minimal training.
- **Low-profile cleaning head** – Reaches under shelves, fixtures, and tables for a more thorough clean in confined areas.
- **Quick-change brush and squeegee system** – Speeds up daily maintenance and helps reduce downtime between shifts.
- **Quiet performance** – Operates at low noise levels, making it suitable for daytime cleaning in noise-sensitive environments.
- **Easy-access tanks** – Fast to fill, empty and clean – improving hygiene standards and saving operator time.

## Specifications

- Up to 1,850 m<sup>2</sup>/hr cleaning performance
- Heavy duty metal chassis
- 6 litre recovery tank
- Up to 2 hours run time
- 350rpm brush speed
- 460mm scrubbing width
- Dimensions (L/W/H): 50.5cm/47cm/117cm
- 30kg weight
